JUVENILE SEX TRAFFICKING CONFERENCE

Dear Advocate,

Shared Hope International's Juvenile Sex Trafficking (JuST) Training Conference is an unforgettable and inspiring conference featuring today's most pressing issues in the anti-trafficking field. Presentations and workshops focus on skill-building, survivor experiences, cross-discipline collaboration, task force development, case studies, and lessons learned. The JuST Training Conference continues to stand by the motto that each person has a role to play in preventing and ending commercial sexual exploitation, and a collaborative community response is critical.

This year, we anticipate more than 1,000 participants will join us October 14-16 at the Omni Orlando Resort at ChampionsGate. Our multi-disciplinary attendees are leaders in their communities including law enforcement officers, prosecutors, service providers, judges, victim advocates, law makers, social workers, health care providers, community members, survivors, and more.

As we rotate the JuST Training Conference's location each year, we look forward to learning new and evolving practices from each region, engaging with local leaders on what they are encountering in their communities. We are excited to unite our national audience in the Southeast to provide new opportunities for networking and collaboration and we hope that, with your support, we can make this year's event the most impactful yet!

Partner with Shared Hope International in Orlando this year and stand with us in the fight to end sex trafficking of children and youth in the United States. We can't wait to see you there!

To secure your sponsorship today, visit www.justconference.org or email conferences@sharedhope.org.

Sincerely,

Mikayla Simeral, MSW, MA

About JuST

Shared Hope's JuST Training Conference has led the nation for over 10 years. Since its inception in 2013, the conference has provided high-quality training to a national audience and fostered collaboration at all levels of the community.

Over the years, the JuST conference has grown in size and impact, drawing in attendees from across the United States and beyond, and becoming a renowned event in the anti-trafficking field. Presenters from across the country come together to present to a wide range of professionals—all with the single goal of protecting the children of the world. This conference equips people to recognize and respond to trafficking in their community and further educate those around them. This is also an incredible opportunity for professionals nationwide to network and connect with one another.
